**Florida Child Restraint Law Summary for Law Enforcement Use Only**

All children aged 3 and younger must be restrained in a federally approved, crash tested, child restraint device. This includes separate carriers, booster, or vehicle manufacturer integrated child seat.

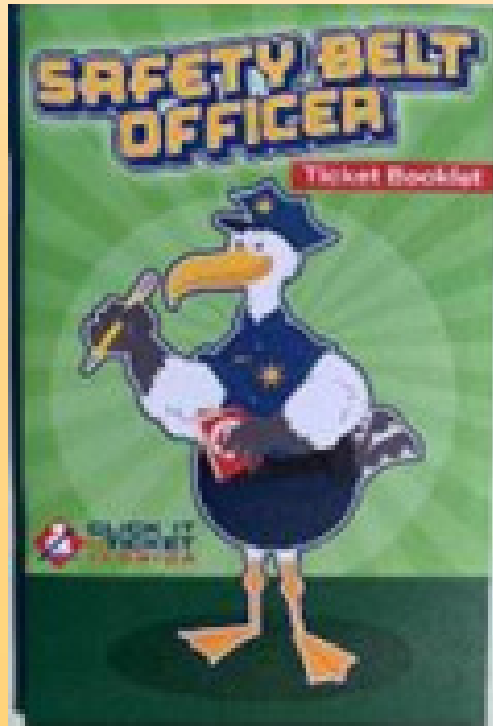

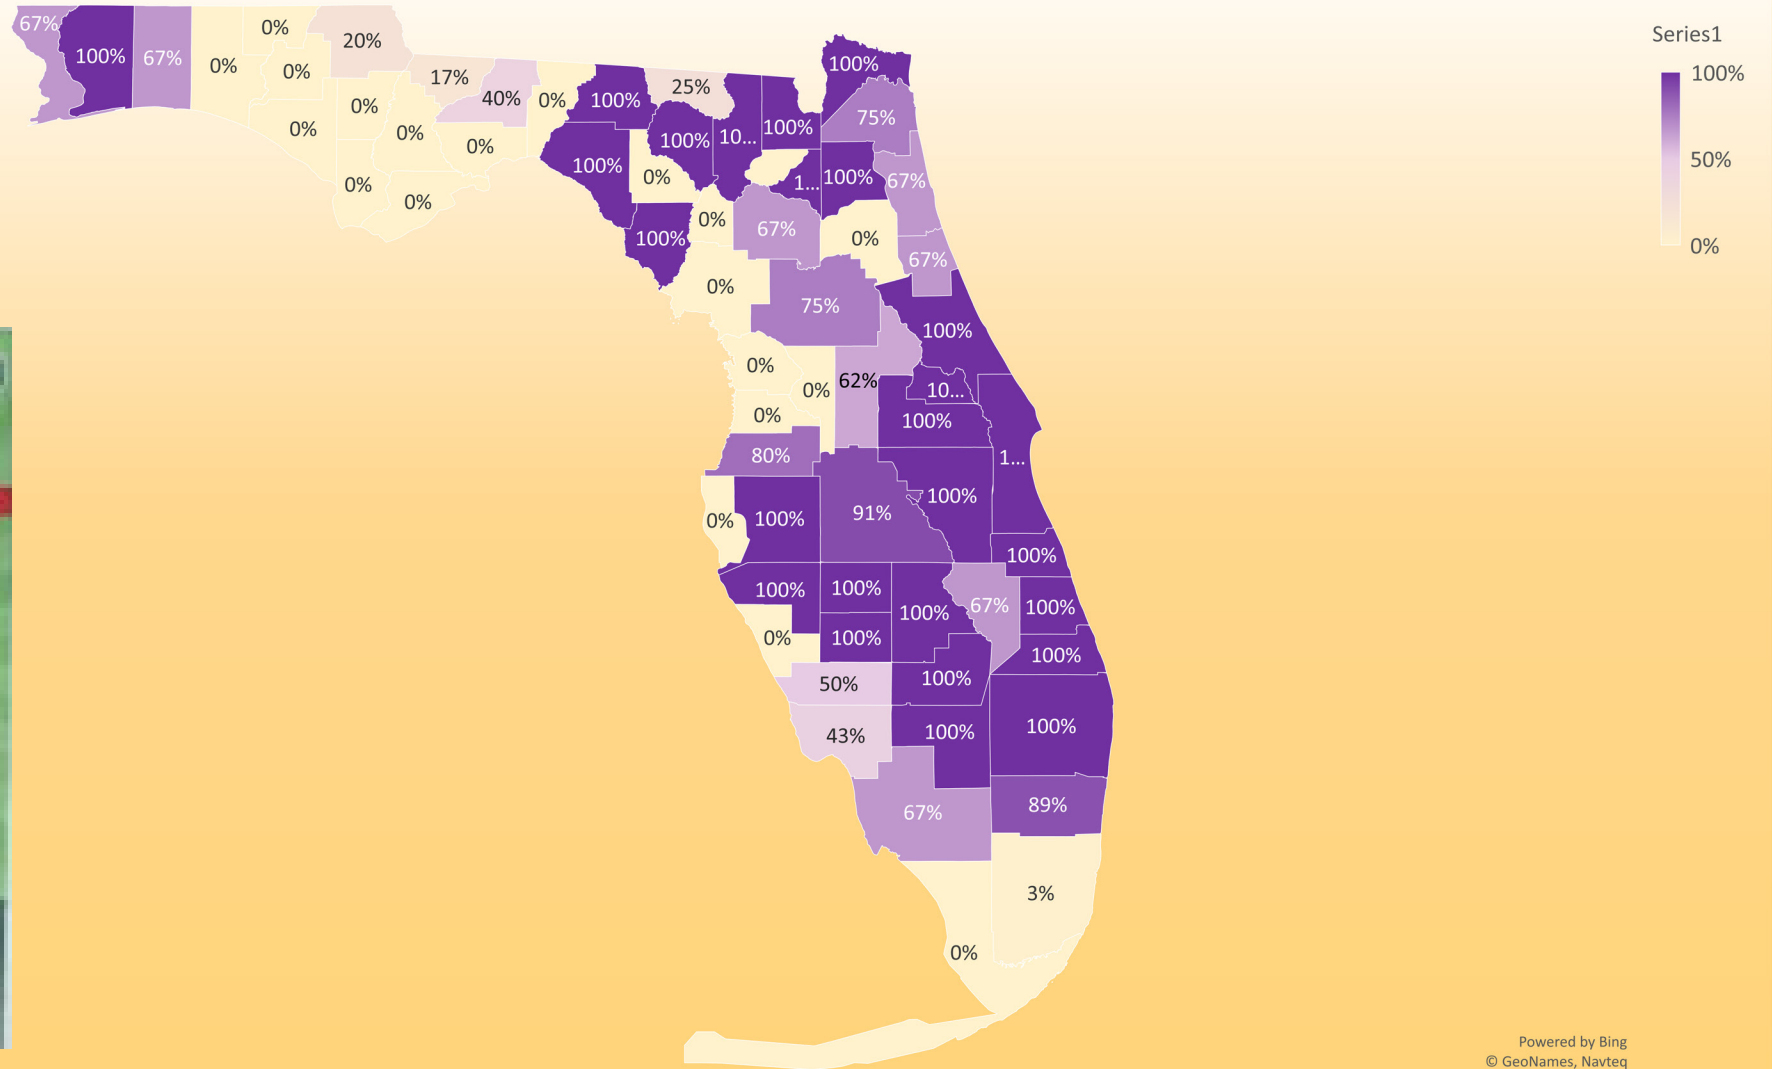

Birth to 2	3 to 5	6 to 10
<b>Approved Carriers Only</b>	<b>Approved Carriers or Booster</b>	<b>Safety Belt</b>
 Forward Facing Carrier	 Booster Seat	 Safety Belt
Children aged 3 years or younger must be properly restrained in a separate carrier or vehicle manufacturer's integrated child seat.	Children aged 4 through 5 years, in separate carriers, are integrated child seat. In a child-restraint seat may be used.	Children aged 6 to 10 must be properly belted in all times regardless of situation within the vehicle. Children not appropriate for belt or safety belt properly may be properly belted in booster seat.

**EXCEPTIONS:** For children aged 4 through 5 years, however, all these restraint devices.

- Challenged 4 through 5 years in securing a safety belt seat
- Being transported by a family member or a member of the child's immediate family
- Being transported in a vehicle in an emergency situation involving the child
- For medical conditions that necessitate an exception or emergency appropriate documentation from a health care professional.

Click It or Ticket 2022

# 2022 Florida Click It or Ticket and B2B

The 2022 Florida Click It or Ticket Enforcement Campaign and the Border to Border(B2B) Enforcement Operation.

May 16, through June 5, 2022 – Paid Media

May 23, through June 5, 2022 - Enforcement Mobilization

There will be a nationwide kick off for Click It or Ticket with the **Border to Border** 4-hour enforcement mobilization on May 23, 2022

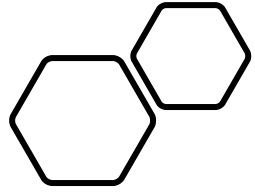

# 2022 Florida Click It or Ticket and B2B

The Florida Law Enforcement Liaison Program is tasked with engaging Florida Law Enforcement at State, County and Local levels to participate in and report both the Florida B2B Operation and the Florida CIOT Campaign.

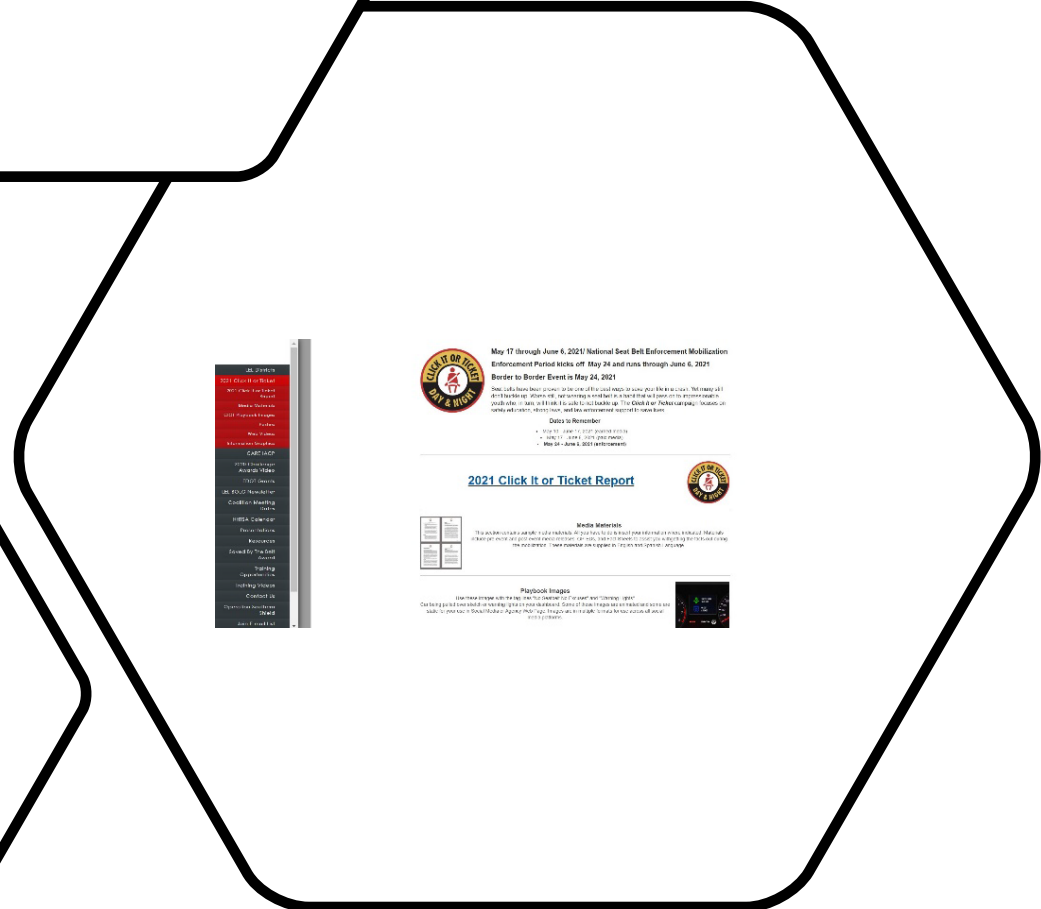

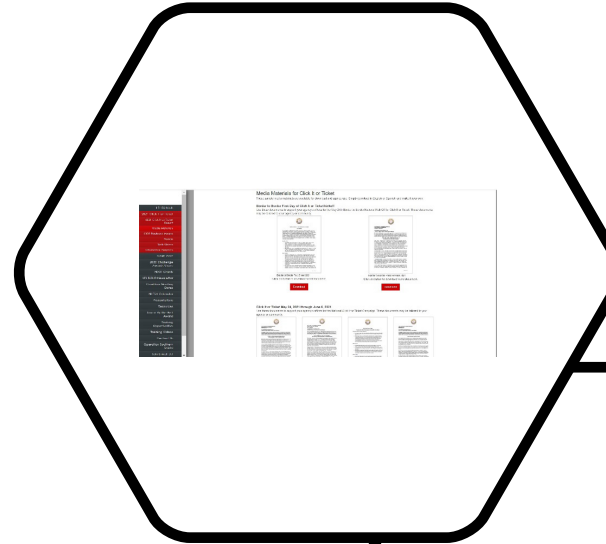

The Florida LEL Program will promote Click It or Ticket and B2B in their LEL Program quarterly LAN Meetings, the Florida LEL Program website at [www.floridalel.info](http://www.floridalel.info), The Florida LEL Program Facebook page, in agency visits, email and telecommunication.

The Florida Law Enforcement Liaison will create Mobilization web pages for in support of the mobilization including digital media support materials and an online reporting system

- Web pages for 2022 Click It or Ticket Mobilization at [www.floridalel.info](http://www.floridalel.info)

*LEL Program Social Media:*

District 7 LEL, Janice Martinez, is responsible for the Florida LEL Program Facebook social media platform

LELs will encourage agencies within their district to utilize support materials for local awareness

LELs will be encouraged to track social media engagement by agencies in their district CIOT campaign period in support of B2B and CIOT

Goal is to achieve as many impressions as possible within each district/community to create awareness

Questions?

**Law Enforcement Considerations**  
**When encountering Elder Drivers**

Is the driver wearing their seat belt?  
 If not, ask why. Be sensitive. If they have a medical reason; refer them to their doctor.

Does the driver know that seat belts must be used in conjunction with airbags, and failing to use a seat belt can cause greater injury from the Airbags.

Are they wearing their seat belt correctly?

There should be at least ten inches between the driver's chest or torso away from the airbag to reduce injuries from the airbag.

Can the driver see over the steering wheel. The driver's sightline should be at least 3 inches above the top of the steering wheel.

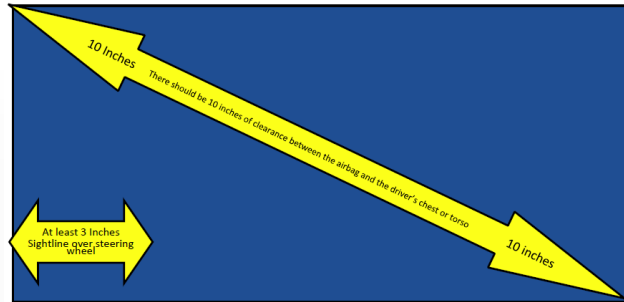

The steering wheel housing with the airbag in its center, should be adjusted so the center is aimed toward the driver's chest and

The head restraint is a safety device used to prevent whiplash and resulting neck injuries. The correct position is when it is within 2 ½ inches or closer from the center of the back area of the driver's head. Touching the back of the head is OK

A great resource for senior drivers can be found at [www.seniordriving.aaa.com](http://www.seniordriving.aaa.com)  
 For a quick and comprehensive check of an elder driver's safe fit in a vehicle, drivers can check out CarFit at: [www.car-fit.org](http://www.car-fit.org)

Some issues may be mobility issues such as; a driver unable to reach for the seat belt may be remedied with a simple

 The Florida Occupant Protection Coalition (FOPC) was formed to identify and prioritize Florida's most pressing occupant protection issues.

## Law Enforcement Considerations when Encountering Elder Drivers

Is the driver wearing their safety belt? If not, ask why. Be sensitive. If they have a medical reason, refer them to their doctor.

Does the driver know that safety belts must be used in conjunction with airbags? Failing to use a safety belt can cause greater injury from an activated airbag.

Is the driver wearing their safety belt correctly?

Driver's chest or torso should be at least 10 inches away from the steering wheel to reduce injuries if airbag is activated.

The steering wheel should be adjusted so its center (which contains the airbag) is aimed toward the driver's chest or torso.

Can the driver see over the steering wheel? The driver's sightline should be at least 3 inches above the top of the steering wheel.

The head restraint is used to prevent whiplash and resulting neck injuries. The driver's head should be no more than 2 1/2 inches away from the head restraint. The back of the head touching the head restraint is OK.

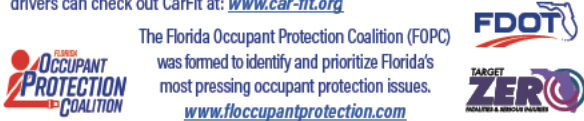

Some driver mobility issues, such as not being able to reach for the safety belt, may be remedied with a simple product available at a local retailer or online.
